

St Denys Primary School

Y5 Home Learning April 2020

**Creativity, Choice, Challenge
Achievement for All**

Year 5 - School Closure - Home Learning

Whilst we are not expecting you to replicate school at home, it will be important that you all try to do some work each school day to keep your skills up.

And don't forget to stay active!

Each school day, you should:

- Practice your times tables – multiplication and division! Create your own times tables game to help you practice.
- Practice the Y5/Y6 spellings words. You can use look, cover, write, check as well as have a go using some of the words in your own sentences.
- Read for at least 30 minutes. This could be a story book or a non-fiction book, a magazine or comic. Even being online involves reading!
- Spend at least an hour on different tasks. Have another look through our old Home Learning booklets. There are also lots of other tasks you could choose from on our Class 5 web page.
- Write your own story chapter book. You could focus on one chapter a day. Don't forget to follow what we would do in the classroom – plan, write, read, edit.
- Use your username and password to log into Times Table Rockstars and Sumdog to practice your maths skills.

Mr Baker

Make a wordsearch using 10 WOW words chosen from your reading book.

Y A W R O N I E T S N E
H **W O R D** N O D E C A M
D S F I N **S E A R C H** E
P O E D N A L E C I C T

Read a non-fiction book.
Write down five new facts
you now know.

Would you recommend this book
for a friend to read? Why?

Imagine you are writing an
autobiography of your life.

What would the cover of your book
look like?

What would the blurb say?

Compare two main characters in
your reading book.

How are they similar? How are
they different?

Which one would you choose to be
your best friend? Why?

Choose 10 words from your
reading book.

Clarify the meaning of each word.

clarify

Use each word in a sentence to
help explain.

Which character in your reading
book are you most like? Why?

St Denys Primary School Y5 Maths and English activities

Use a dice or make some digit cards to generate some 5 digit numbers.

Can you explain the value of each digit in your number?

Do this 10 times. E.g. 34765
3=30,000 4=4000 etc.

Create a timetable of what you did yesterday.

Include the time for each activity and how long it lasted.

Which activity did you spend most time on?

For when everything is back to normal, plan a day out for a family of four.

Where are you going to go?

How much would it cost to travel there?

How far away is it?

How much would it cost for entry and lunch?

Plan the times of the day.

What will be the total cost of your day out?

Create a leaflet to provide information for visitors.

If you could invite any author to visit the school, who would you choose?

Write a letter to the author inviting and persuading them to visit St Denys primary.

Think of something that you would really like to buy and find out how much it costs.

Work out how much you would need to save each week and how long it would take you to save up for it.

How much money would you have left after buying it?

Write an adventure story that is set in space.

Design and make a space rocket that could be used to explore other planets.

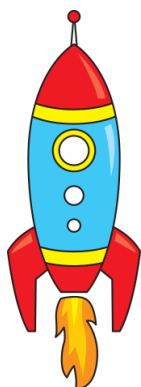

List 10 things you would take with you on a journey to space.

10

Why would you take them?
What makes them special?
What items couldn't you manage without? Why?

Find out facts about space missions:

- What was the first creature sent into space?
- Who was the first astronaut?
- Who was the first man on the moon?
- What other interesting facts can you find?

Create your own alien from another planet. Draw a picture or make a model and write a paragraph to describe it.

Create a timeline to show the history of space travel.

Complete a character study of Neil Armstrong or any other famous astronaut.

Write newspaper report about the first moon landing.

Make a space mobile that you could hang in your bedroom.
