Practical Ideas

**Write a book review
for a friend.**

Classroom
secrets★

Ensure children accurately punctuate their sentences. Discuss ideas for descriptive phrases that children could use to add extra detail.

Find 10 coins.

What is the total?

**Make calculations
using some of these
coins.**

Classroom
secrets★

Discuss the value of each coin. Discuss strategies for adding and create calculations, for example: $\pounds 1 + 50\text{p} + 2\text{p} = \pounds 1 \text{ and } 52\text{p}$.

**Make a cake with
an adult.**

**Design a poster to
advertise your
product!**

Classroom
secrets★

When tasting, discuss ideas for adjectives that can be used. Look at different advertisements and discuss things you like and dislike.

123

**How many times
tables questions
can you answer in
30 seconds?**

**Can you beat your
record?**

Classroom
secrets★

Give children quick fire multiplication questions from the 2, 3, 4, 5, 8 and 10 times tables.

**Go on a number
hunt.**

**Create calculations
using the numbers
you have found.**

Classroom
secrets★

Discuss different places to collect numbers. Encourage children to create addition, subtraction, multiplication and division calculations.

**Find objects to
make arrays.**

**Show each
calculation in the 8
times table.**

Classroom
secrets★

Discuss how the arrays add a row of 8 each time, so calculations can be answered by repeated addition → $8 + 8 + 8$ (shown above).

Choose your favourite fairy tale and write an alternative ending.

Classroom
secrets★

Talk about what needs to be included in the story.
Talk about different endings and how the events could be changed.

Choose a book title. Act it out in front of your family.

Can they guess your book title?

Classroom
secrets★

With a friend or family members, take it in turns to play. Choose different children's books, and act out without speaking.

Read a magazine article.

Write:

- 3 new things you have learnt.
- 2 things you want to research.
- 1 thing you liked about it.

Classroom
secrets★

Provide articles that your child might find interesting. Read the text together. Explain any unfamiliar words. Discuss ideas for the questions together.

123

Generate a 2-digit number.

How many ways can you partition this number?

Classroom secrets★

Roll a dice twice to generate a 2-digit number. Discuss how this number can be partitioned. Can the number be partitioned into more than 2 parts?

Design your own board game.

Write instructions to explain how to play.

Classroom secrets★

Discuss games that children like to play and ideas that they can take from this to create their own. Talk about the layout and features of instructions.

Draw a picture of your favourite animal.

Create a fact file to share with a friend

Classroom secrets★

Discuss what different resources could be used depending on what is available, for example: paint, pencils or collage. Discuss where/how to find facts.
