**Creativity, Choice,
Challenge,
Achievement for All**

4 Down but Not Defeated

- Egg:** Where are your hats? They have disappeared!
- Barnaby:** I'm unhappy to say the monkeys took them!
- Egg:** Did I mishear? Did you say monkeys?
- Captain:** Monkeys stole our hats and disappeared into the jungle with them.
- Egg:** Do you think they will return them?
- Captain:** I'm afraid I mistrust misbehaving monkeys!
- Stragglebeard:** Monkeys are so mischievous!
- Barnaby:** I utterly dislike untrustworthy monkeys!
- Egg:** It's unusual for them to be so unfriendly!
- Captain:** We will never recover them now.
- Egg:** Maybe they are just misunderstood monkeys.

This section has
been written like
a play script.

Grammar Lesson One - Activity

Red
pirates

Name: _____

I can use prefixes to change the meaning of words.

Underline all the words with prefixes.

un re dis im in mis

- 1 Captain: I'm afraid I disagree with you. For not only did they steal our hats but they also took the key to the treasure chest!
- 2 Egg: We had a key! That was unknown to me!
- 3 Captain: The Black Pirates have the map and the monkeys have the key. It will be impossible for us to undo the lock even if we find the chest!
- 4 Egg: That's inconvenient.
- 5 Captain: But I refuse to be defeated. Come on! Let's discover where the Black Pirates are and repay them with a taste of their own medicine!

- 6 Now write sentences of your own after adding a prefix to the root word.

(correct).....

(possible).....

(able).....

Extension

Find the words with prefixes in the dialogue and use them to write sentences of your own.

Activity Sheet

Name: _____

I can generate word families based on common words.

A **word family** is a set of words with the same root.

A **root word** is a word that can have prefixes and suffixes added to it.

A **prefix** is a group of letters added to the beginning of a word.

A **suffix** is a group of letters added to the end of a word.

For example: happy, happiness, happily, happiest, unhappy.

Here is a list of prefixes that can be added to the root words below:

un re dis be

Here is a list of suffixes that can be added to the root words below:

ly er est ness less ful ment ance ship ing

Make word families for these root words:

Sometimes
you have
to change
the spelling
slightly.

	love	lovely	loving	loved	lovelier
1	love
2	care
3	friend
4	excite
5	kind
6	fair
7	appear
8	help
9	agree
10	play

Practice Sheet

Term 3 Set 1 Week 4

Name Date

Spelling patterns **-sion**, suffix **-ous**, **extension**, word list

We're going to have a class discussion about whether you'd rather be rich or famous.

Spellings	Write	Write	Cover and write	Cover and write
confusion				
permission				
discussion				
famous				
disastrous				
fabulous				
occasion				
ravenous				
March				
April				

Total /10

Spelling Activity

These are your words from this unit of spellings. Choose ten words that you are less sure of and write them in sentences to show what they mean.

mission division invasion confusion collision
session decision permission television discussion
pension profession poisonous dangerous famous
joyous nervous disastrous various enormous
jealous strange surprise women

Numbers to 1,000

1 How many balloons are there?

There are balloons.

2 How many sweets are there?

There are sweets.

There are sweets.

c) What is the same and what is different about a) and b)?
Talk to a partner about your answer.

3 Circle 316 crayons.

4 What numbers are represented?

a)

b)

5 Use base 10 to make these numbers.

a) 426 b) 922 c) 307

Are your answers the same as your partner's answers?

6 What number has Alex made?

Alex has made

7 Dexter is making the number 573 with base 10

Draw the missing pieces of base 10

8 Write a numeral to complete the part-whole model.

9 Dora and Eva have each made a number.

Dora and Eva have made the same number.

Is this true or false? _____

How do you know?

Find 1, 10, 100 more or less

1 Annie makes a number using base 10

a) What number has Annie made?

Annie has made the number

b) What is 100 more than Annie's number?

100 more than Annie's number is

c) What is 10 more than Annie's number?

10 more than Annie's number is

d) What is 1 more than Annie's number?

1 more than Annie's number is

2 What number is represented?

The number represented is

a) What is 100 more than the number?

What is 10 more than the number?

What is 1 more than the number?

b) What is 100 less than the number?

What is 10 less than the number?

What is 1 less than the number?

3 What is 100 more than each of these numbers?

a) 700

c) 590

b) 385

d) 47

- 4 What is 10 more than each of these numbers?

a) 362	<input type="text"/>	c) 703	<input type="text"/>
b) 180	<input type="text"/>	d) 695	<input type="text"/>

- 5 What is 10 less than each of these numbers?

a) 789	<input type="text"/>	c) 300	<input type="text"/>
b) 245	<input type="text"/>	d) 404	<input type="text"/>

- 6 Complete the sentences.

a) 100 more than 763 is	<input type="text"/>
b) <input type="text"/> is 100 more than 765	
c) <input type="text"/> is 100 less than 503	
d) 1 less than 300 is	<input type="text"/>

f) <input type="text"/> is 10 less than 972	
g) <input type="text"/> is 1 less than 699	

- 7 Tom makes a number on a place value chart, but one of the counters slips off the chart.

Hundreds	Tens	Ones
		

What could Tom's number have been?

- 8 Complete the table.

100 more	10 more	1 more	number	1 less	10 less	100 less
			473			
398						
					890	

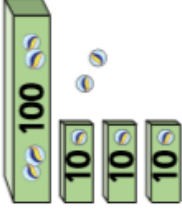

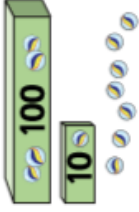

- 9 Kim thinks of a number.

100 less than Kim's number is 900

What is 10 less than Kim's number?

Ordering numbers

1 Who has the greatest number of marbles?

Mo	Tommy	Dora
		

_____ has the greatest number of marbles.

2 Which is the smallest number: A, B or C? Circle your answer.

3 Circle the greatest number in each list.

- a) 250 400 130 290
 b) 315 390 326 305
 c) 718 712 710 719 716
 d) 435 348 438 84

4 Write each list of numbers in order. Start with the smallest number.

- a) 412 718 429 405

- b) 73 99 200 620

- c) 1,000 595 509 95

5 Write two numbers that are greater than 644 and less than 652

- 6 a) Write the weights of the boxes in order.
Start with the lightest box.

- b) These are the heights of the people in one family.

John	Gemma	Brett	Kim	Dani
185 cm	126 cm	175 cm	53 cm	170 cm

Who is the 3rd tallest person?

The 3rd tallest person is _____.

- 7 Here are the prices of 4 bikes.

Write the prices in order. Start with the most expensive.

- 8 a) These numbers are in order. One digit is missing.

4 _ 5 46 _ _ 58

smallest

greatest

What could the missing digits be?

- b) These numbers are in order. One digit is missing.

4 _ 5 46 _ _ 58

greatest

smallest

What could the missing digits be?

- 9 Each number has the same digit missing.

_ 56 < 7 _ 3 < 75 _

How many different numbers could replace the missing digits?

Counting in 50s

1 How many cards does each person have?

Fillip	Eva	Mo	Aisha
			

Teddy has 8 packs of cards.

How many cards does Teddy have?

Teddy has cards.

2 Complete the number tracks.

200	250	300				550
-----	-----	-----	--	--	--	-----

650		750	800			
-----	--	-----	-----	--	--	--

	600	550		450		300
--	-----	-----	--	-----	--	-----

3 Rosie is counting up in 50s from 0 to 1,000

0, 50, 100 ...

Circle all the numbers that Rosie will say.

505 750 75 350 240 800 950

4 What numbers are the arrows pointing to? Label the arrows.

5 Is this true or false?

These scales will balance.

How do you know?

6 Whitney and Dexter are playing darts.

a) Whitney throws 5 darts.

How many points has Whitney scored?

Whitney has scored points.

How did you work this out? Talk about it with a partner.

b) Dexter scores 450 points with 5 darts.

Where could his darts have landed?

Draw your answer on the dartboard.

c)

I don't think it is possible to score 450 with 6 darts.

Is Dexter correct?

Explain how you know.

7

How much money is there?

Florence Nightingale

Florence Nightingale died in 1910 but is still remembered for being the founder of modern-day nursing.

Florence was born on 12th May 1820 in Florence, Italy. She was born into a rich, upper-class British family. The family moved to England in 1821.

Florence the Nurse

She had a strong faith and believed that God had instructed her to dedicate her life to looking after others, so she decided to become a nurse. Her mother was disappointed with her decision as she thought that Florence should devote all of her time to becoming a mother and wife.

At the age of 33, Florence became superintendent at the Institute for the Care of Sick Gentlewomen in London, however, she only worked there for a short period of time. The Crimean War broke out in 1853; Britain, Turkey and France fought against Russia. Florence was keen to go and help when reports reached Britain about the horrendous conditions for the wounded soldiers. Along with a staff of volunteer nurses and nuns, she travelled to Scutari to do her bit.

Florence and her team found that the wounded soldiers were not receiving decent food. She also found that medicines and beds were in short supply, hygiene was poor and infections were common, in fact, more soldiers died from infections than their battle wounds. As a result of this, Florence asked the British government for help. Sewers were flushed out and the hospital was cleaned. Florence also ensured that everyone washed their hands regularly. She bought fresh food and organised a chef to cook meals. These changes caused death rates to drop.

Did You Know?

Florence was given the famous nickname, 'The Lady with the Lamp' by the soldiers who she cared for day and night. When it was dark, she carried a lantern with her.

Florence had a meeting with Queen Victoria. She explained all the improvements required in the Army hospitals. The Army then began training doctors and the conditions in hospitals improved.

Later in Life

At the age of 40, Florence established the Nightingale Training School to train nurses. She spent the rest of her life trying to improve health standards and wrote over 200 books and leaflets on hospital planning. Some of these ideas helped influence practices which are still in existence today.

In 1883, Florence received the Royal Red Cross by Queen Victoria. She died in London on 13th August, 1910.

Questions

1. Why do you think she was given the name Florence?

2. Why did she decide to become a nurse?

3. Why did she only work at the Institute for the Care of Sick Gentlewomen for a short period of time?

4. Explain why Florence felt the need to go and look after the wounded soldiers.

5. List four things that were wrong with the hospital.

6. During the Crimean War...

- ☐ Britain was at war with France and Russia.
☐ Britain was at war with Germany.
☐ Britain was at war with Turkey.
☐ Britain, France and Turkey were at war with Russia.

7. Link the statements to 'true' or 'false'. If a statement is false, write the correct statement.

Florence was born on the 21st May.

She was known as 'The Lady with the Lamp'.

She was born into a very poor family.

Florence was reluctant to help the soldiers.

Hospitals improved when the army began training doctors.

Florence received a prestigious award from Queen Victoria.

True

False

Corrected statements:

Writing Challenge: Diary Entry from the farmer's point of view.
Read the story first. Think about his feelings.

The Enormous Turnip

Once upon a time, there lived a little old man and a little old woman. One day, the little old man planted some turnip seeds. One of the turnips grew... and grew... and grew... until it was enormous.

The little old man pulled, and pulled, and pulled, but still the turnip would not budge. The little old man shouted to his wife to help. Together they pulled, and pulled, but still the turnip would not budge! So they shouted to a boy who was playing in the field. Together they pulled, and pulled, and pulled, but still the turnip would not budge!

Next, they all shouted to a girl to help them. Together they pulled, and pulled, and pulled, but still the turnip would not budge! So they all shouted to the old man's dog to help them. Together they pulled, and pulled, and pulled, but still the turnip would not budge!

Then, they all called the little old woman's cat to help. Together they pulled, and pulled, and pulled, but still the turnip would not budge! So they all called the farmhouse mouse to help.

Together they pulled, and pulled, and pulled, and suddenly... out popped the enormous turnip! The little old man was very pleased. He invited everyone round for a turnip dinner!

Planning a Diary Entry

In each box write notes to say what you will include in each paragraph of your diary entry. You could include what actions the character did, how they felt about what happened and any interesting words you may want to use.

Paragraph 1 - How does the story start? Describe sowing your seeds and then waking up to see the giant pumpkin. What did you do and feel when you saw it?

Paragraph 2 - What happened next? How heavy was the pumpkin? Describe how your husband, the villagers and animals helped you to move it.

Paragraph 3 - Describe what happened at the end of the story. How did you feel? Was the pumpkin tasty?

A series of horizontal lines for writing, arranged in a single column on the right side of the page. The lines are evenly spaced and extend across the width of the writing area.

Brain Break Breathing

Waves on the Ocean Breaths

Lie back gently on the floor with your feet out in front of you. Place your hands on your stomach. Breathe in through your nose and feel your hands rise up. As you slowly exhale, feel your hands go back down. Pretend that your stomach is waves in the ocean and your hands are a sailboat. Each time you breathe in the sailboat goes up on the waves and each time you breathe out the sailboat goes down on the waves. Repeat.

Brain Break Breathing

Bumble Bee Breaths

Open your hands out with the palms facing towards your face. Place your thumbs over your ears and your fingers over your eyes. Close your lips with your teeth slightly apart. Inhale deeply through the nose and breathe in. Count silently 1, 2, 3, 4, 5.

Exhale slowly through your mouth and make a humming sound like a bee. Count silently 1, 2, 3, 4, 5. Repeat.

Brain Break Breathing

Sun Breaths

Sit on the floor in a comfortable position. Close your eyes and take some slow deep breaths in and out. Picture a bright, shining sun smiling at you. Feel the sun on your face. Breathe slowly and let the sun warm your face. Imagine the sun warming your shoulders and back. Imagine the sun warming your arms. Continue to breathe in and out slowly and calmly. Imagine the sun's warmth spreading to your legs. Finally, feel the warmth all the way in your fingers and toes. Slowly stretch your arms overhead and your legs and feet out in front of you. Take a deep breath in and bend over towards your feet. Slowly exhale and sit back up. Take one more deep breath in and out and slowly open your eyes.

Brain Break Breathing

Starfish Breaths

Sit on the floor with your legs comfortably crossed in front of you. Open your left hand and extend it slightly in front of you so it looks like an open starfish. Take your right hand and extend your pointer finger. Beginning with your left thumb, take your right pointer finger and go up the outside thumb while taking a deep breath in. Go down the inside of the thumb and breathe out deeply. Continue the deep breathing in while going up each finger and exhaling when going down each finger. Once you are finished, switch hands and repeat.

Create a Family Portrait

A portrait is a drawing of a person. It shows a person's face and sometimes part of their shoulders. Use these step-by-step instructions to draw portraits of people in your family. You could draw portraits of family members you can't see at the moment, to help you think about them.

1.

Draw an oval lightly with a pencil. There are ovals included in this pack in case you find it difficult to draw one.

2.

Using a ruler, draw the lines in the order shown. These lines will be rubbed out later so make sure you draw them lightly.

3.

On the middle line, draw the eyes. Both eyes should be the same distance away from the line that goes down the face. The top part of each eye should be above the line; the bottom part should go below.

4.

On the line going across below the eyes, draw the nose.

5.

On the line underneath the nose, draw the lips. The top lip should be above the line; the bottom lip should go below.

6.

Draw the eyebrows slightly above the eyes.

7.

Draw the ears either side of the face. Start each ear on the eye line and finish each ear before the nose line.

8.

Draw the hair. The hair should start in the oval but go outside of it.

9.

Rub out the guide lines used for the eyes, nose and lips. Rub out any of the oval that is covered by hair.

10.

Colour in your portrait. You could use crayons, colouring pencils, felt-tip pens or paint.

'I Can' Statements

There are ten statements below that all start with 'I can'. Think about all the things you CAN do. There are a few examples to help you get started.

- **'I can'** make other people smile.
- **'I can'** be what I want to be.
- **'I can'** be brave.
- **'I can'** see that I have lots of special qualities.

I can _____

I can _____

I can _____

I can _____

I can _____

I can _____

I can _____

I can _____

I can _____

I can _____

Keep this page safe and take some time to read them through. If you ever worry or start to doubt yourself, please look back through these statements and remind yourself of all the amazing things you CAN do.

Why not pick out your favourite one and make it a positive affirmation that you can say to yourself every day.

My choice of positive affirmation is:

I can _____

Create a diorama

These are 3d models, made inside a box e.g. a shoebox, cereal box or another similar sized box

It could be:

- A scene from a favourite book
- A landscape of somewhere you've been (or would like to go) on holiday

Here are some examples:

Maths Challenge

As a rough guide of difficulty level:

- **Challenge 1 and 2** are suitable for ages 5 to 7.
- **Challenge 3 and 4** are suitable for ages 7 to 11.

Challenge 1

Eric bakes these two trays of muffins.

He eats 2 muffins.

His dad eats 3 muffins.

His sister eats 4 muffins.

How many muffins does he have left?

Challenge 2

Lola buys this key ring.

Her mum gives a quarter of the money.

She pays for the rest herself.

How much does she pay herself?

Challenge 3

Challenge 4

Ten trees are planted in a row.

How old is the teacher?

Challenge 4

Ten trees are planted in a row.

The trees are spaced out equally.
The distance between them the 4th and 6th tree is:

What is the distance between the first and last tree?

Top tip: write out the numbers 1-42 and, using each clue, cross out the ones it can't be.

Base 10 representations ANSWERS

Ordering Numbers ANSWERS

Question	Answer													
1	There are 600 balloons. There are six hundred balloons.													
2	There are 700 bricks. There are seven hundred bricks.													
3	Children should circle 8 tubs of pins.													
4	a) 200 b) 500													
5	Jack is correct, he has made ten hundred. This is the same as one thousand.													
6	<table><tr><td>200</td><td>300</td><td>400</td><td>500</td><td>600</td><td>700</td><td>800</td></tr></table> <table><tr><td>900</td><td>800</td><td>700</td><td>600</td><td>500</td><td>400</td></tr></table>	200	300	400	500	600	700	800	900	800	700	600	500	400
200	300	400	500	600	700	800								
900	800	700	600	500	400									
7	Children should circle 500, 900, 1000 and 100													
8	Amir needs 3 more bags of counters because he already has 400 so he needs 3 more hundred to get to 700.													
9	Yes because ten 10s is the same as 100													

Question	Answer
1	Tommy has the greatest number of marbles.
2	A is the smallest number.
3	a) 400 b) 390 c) 719 d) 438
4	a) 405, 412, 429, 718 b) 73, 99, 200, 620 c) 95, 509, 595, 1000
5	Children may write any numbers from the following list: 645, 646, 647, 648, 649, 650 or 651
6	a) E, D, A, B, C 9 g, 32 g, 230 g, 302 g, 320 g b) The 3 rd tallest person is Dani.
7	£279, £199, £195, £179
8	a) The first number could be 405, 415, 425, 435, 445, 455 or 465 If the first number is 465, the second number could be 466, 467, 468 or 469 If the first number has less than 6 tens, the second number could have any number of ones. The third number could be 558, 658, 758, 858 or 958 b) The first number could be 465, 475, 485 or 495 If the first number is 465, the second number could be 464, 463, 462, 461 or 460 If the first number has more than 6 tens, the second number could have any number of ones. The third number could be 458, 358, 258 or 158
9	The missing digit could only be 5 556 < 753 < 755

Question	Answer

650	600	550	500	450	400	350	300																		
3	750, 350, 800, 950																								
4	<p>A number line starting at 200 and ending at 700. Major tick marks are labeled at 200, 250, 300, 350, 400, 450, 500, 550, 600, 650, and 700. Two boxes are placed above the line: one labeled '450' with an arrow pointing to the 450 mark, and another labeled '600' with an arrow pointing to the 600 mark.</p>																								
5	False, three lots of 50 grams are the same as 150 g. 250 g is heavier than 150g																								
6	a) Whitney has scored 350 points. b) Four darts on the 100 points, one dart on the 50 points. c) Dexter is incorrect. He could score 450 points if he had 3 darts on 100 points and 3 darts on 50 points. This is because $300 + 150 = 450$																								
7	There is 550 pence altogether. There is £5 and 50 pence altogether.																								

Answers

1. Why do you think she was given the name Florence?
I think she was given the name Florence as she was born in Florence, Italy.
2. Why did she decide to become a nurse?
Florence had a strong faith and believed that God had instructed her to dedicate her life to looking after others, so she decided to become a nurse.
3. Why did she only work at the Institute for the Care of Sick Gentlewomen for a short period of time?
She only worked there for a short period of time because the Crimean War broke out in 1853. Florence left London to go and look after the wounded soldiers.
4. Explain why Florence felt the need to go and look after the wounded soldiers.
Florence felt the need to go and look after the wounded soldiers because reports had reached Britain about the horrendous conditions they were facing.
5. List four things that were wrong with the hospital.
Any four of the following statements: soldiers were not receiving decent food, medicines were in short supply, beds were in short supply, hygiene was poor, infections were common or more soldiers died from infections than their battle wounds.
6. During the Crimean War...
Britain, France and Turkey were at war with Russia.

Link the statements to 'true' or 'false'. If a statement is false, write the correct statement.

True:

She was known as 'The Lady with the Lamp';
hospitals improved when the army began training doctors;
Florence received a prestigious award from Queen Victoria.
Other statements are false.

Corrected statements:

Florence was born on the 12th May;
she was born into a rich family;
Florence was keen to help the soldiers.

Licensed to St Denys Primary School

1	5 × 3 = 15	21	10 × 7 = 70	41	50 ÷ 5 = 10
2	11 × 9 = 99	22	2 × 6 = 12	42	36 ÷ 3 = 12
3	2 × 7 = 14	23	3 × 1 = 3	43	8 ÷ 2 = 4
4	10 × 3 = 30	24	11 × 8 = 88	44	30 ÷ 5 = 6
5	3 × 12 = 36	25	10 × 4 = 40	45	12 ÷ 3 = 4
6	5 × 4 = 20	26	11 × 4 = 44	46	132 ÷ 11 = 12
7	2 × 2 = 4	27	5 × 8 = 40	47	70 ÷ 10 = 7
8	5 × 11 = 55	28	10 × 1 = 10	48	20 ÷ 5 = 4
9	3 × 3 = 9	29	11 × 9 = 99	49	121 ÷ 11 = 11
10	5 × 2 = 10	30	11 × 12 = 132	50	22 ÷ 11 = 2
11	2 × 4 = 8	31	11 ÷ 11 = 1	51	15 ÷ 5 = 3
12	10 × 5 = 50	32	120 ÷ 10 = 12	52	55 ÷ 11 = 5
13	3 × 12 = 36	33	12 ÷ 2 = 6	53	6 ÷ 2 = 3
14	3 × 2 = 6	34	40 ÷ 10 = 4	54	100 ÷ 10 = 10
15	3 × 10 = 30	35	120 ÷ 10 = 12	55	18 ÷ 3 = 6
16	11 × 4 = 44	36	4 ÷ 2 = 2	56	10 ÷ 10 = 1
17	2 × 12 = 24	37	60 ÷ 5 = 12	57	30 ÷ 5 = 6
18	2 × 12 = 24	38	16 ÷ 2 = 8	58	4 ÷ 2 = 2
19	10 × 1 = 10	39	66 ÷ 11 = 6	59	50 ÷ 5 = 10
20	3 × 7 = 21	40	121 ÷ 11 = 11	60	15 ÷ 3 = 5

Red Pirates

Name: _____

I can use prefixes to change the meaning of words.

Underline all the words with prefixes.

un re dis im in mis

- Captain:** I'm afraid I disagree with you. For not only did they steal our hats but they also took the key to the treasure chest!
- Egg:** We had a key! That was unknown to me!
- Captain:** The Black Pirates have the map and the monkeys have the key. It will be impossible for us to undo the lock even if we find the chest!
- Egg:** That's inconvenient.
- Captain:** But I refuse to be defeated. Come on! Let's discover where the Black Pirates are and repay them with a taste of their own medicine!

6 Now write sentences of your own after adding a prefix to the root word.

(correct).....

(possible).....

(able).....

Extension

Find the words with prefixes in the dialogue and use them to write sentences of your own.
