

Curriculum Update

Year 5

Autumn 1 2024

Maths 	<p>This half term, our maths learning will focus on place value, addition and subtraction. This will include: place value in whole numbers up to 1,000,000 (reading, writing, comparing, ordering and rounding), interpreting negative numbers in context and counting forwards and backwards through zero, Roman numerals to 1000 (M) and adding and subtracting whole numbers with more than four digits using mental and formal written methods.</p>
SPaG 	<p>In SPaG this half term, we will be looking at spelling words with the letter string 'ough', words with silent letters, words ending in '-ible' and '-able', homophones as well as understanding etymology and strategies for learning words. We will also be revising grammar such as word classes, expanded noun phrases, prepositions and punctuating direct speech.</p>
English 	<p>This half term, we will be looking at the book 'Arthur and the Golden Rope' by Joe Todd-Stanton. This book follows the story of young Arthur, who embarks upon a quest to seek out the help of the Viking gods in relighting a fire before the villagers back home freeze to death. In return for their help, Thor sets his own quest for Arthur to complete. It is a highly engaging book that offers an introduction to Norse mythology. We are writing to inform this half term and our outcomes will be a non-chronological report and a newspaper.</p>
PSHE 	<p>Our topic this half term will be Families and Friendships. We will look at managing friendships and peer influence, as well as looking at what makes a healthy friendship and when and how to seek support in relation to friendships.</p>
RE 	<p>Our RE concept this half term is Special Place. We will discuss and recap what the word 'sacred' means whilst looking at what makes a Mosque sacred to Muslims. We will then discuss the our own understanding of sacred places in our own lives.</p>
Science 	<p>In Science this half term, we will be focusing on properties and changes of materials. We will compare and group together everyday materials on the basis of their properties, such as their hardness, solubility, transparency, conductivity and response to magnets.</p>

Captivating Curriculum:

ART <p>Our Art focus this term will be Surrealism. We will look at the use of colour and how Surrealist artists explored dreams and random thoughts in their artwork.</p> 	HISTORY <p>This half term, our topic in History is The Ancient Greeks. We will be looking at where the Ancient Greeks fit into our timeline of History and then we will start to explain how the Ancient Greeks were one of the most influential civilisations in History. To help us with this, we will be looking at and observing artefacts to build a detailed picture of the past.</p> 
SPANISH <p>Our Spanish focus for this half term is 'La fecha' which means the date in English. We will be recalling, remembering and spelling the 7 days of the week, the 12 months of the year and numbers 1-31. We will be using this information to write dates and our birthdays.</p> 	COMPUTING <p>In Computing, our topic will be Systems and Searches. We will be looking at how information is transferred between systems and devices and found on the World Wide Web and we will consider small-scale systems as well as large-scale systems.</p> 

Please could children continue to wear their PE kits to school on their PE day, which will be **Tuesdays**.

Suitable PE clothing would be as follows:

- Shoes suitable for PE e.g., trainers
- Leggings, joggers or shorts etc...
- Polo shirt or house PE t-shirt
- School jumper, cardigan or fleece

Please encourage your child to read regularly at home. In Year 5, the children still need to read daily. It is still important to help with difficult words, expression and understanding of the text. If your child is a confident reader, then they may read without supervision but encourage them to talk about what they have read and share their thoughts and opinions on the text.

Home

learning will be sent home **weekly on a Friday** and is **due back to school by the following Thursday**. Children have been provided with Home Learning books which they can do their work in. Alternatively, Home Learning can be posted directly to your child's Class

Dojo portfolio. Please could children bring back their home learning books **every Friday**, so that they can stick in their home learning.

Please encourage your child to continue to learn and practise their timetables. This will

help us with our learning in maths. This half term our main focus will be the quick recall of the 2-, 5- and 10-times tables. Children need to learn the related division facts as well as recall the multiplication facts quickly. All the children have their own

login names and passwords for Sumdog and Times Tables

Rockstars. This can be accessed at home as well as at school to help improve with their maths and reading skills.

Children can now access Language Angels at home. This is available as an app on the Apple App Store or as a desktop website. Children are able to play games and listen to songs which go along with the learning we are doing in class.

Important updates will be posted on Class Dojo often, so please check regularly. If you have any questions or issues, please message me on Class Dojo and I will get back to you as soon as possible.
